LUND KEY CONTROL SYSTEMS . . .

OVER 60 YEARS AGO . . .

In 1940, E. J. Lund developed a metal key panel with hooks and labels for filing keys in standard office letter file drawers. Easy and efficient, its use became widespread for many types of buildings and offices.

TODAY . . .

Now, Lund offers more than 70 different styles of key cabinets and panels - all complete with systems for controlling keys.

All Lund cabinets and systems are made in the U.S.A. and conform to the Interim Federal Specifications AA-C-30d, Class A-Type II-System I or II and FF-T-77B.

Also meets all BHMA ANSI SPEC.
